### The Rain.

The man who made the remark that it never rains in West Texas is keeping somewhat in the background these days. The weather man has been unusually kind the past two months, but this week he came near overdoing himself. After a few showers Wednesday morning as a preliminary, about noon the rain began in earnest, continuing throughout the evening and night, with a heavy mist throughout Thursday. The rain was not a gully-washer or trash-mover but it was a root-soaker. The rain fell gently but steadily throughout the evening and night, and was the best rain that has fallen in this section in ten years. Tanks were filled to overflowing and all streams flooded, relieving all anxiety regarding stock water for months to come. The farmers are a little apprehensive about the oat crop, of which a large crop has been planted, as it is growing so fast they are afraid it will pull itself up by the roots.

A total of 4.20 inches of rain fell during the last spell and everyone is wearing a smile that won't rub off. The best season in years is now in the ground and prospects were never brighter for a crop another year than they are now. The oat crop is about assured, and the season now in the ground will materially aid toward carrying all crops shortly to be planted a long way toward maturity.

**RED CROSS FIGHTS DEADLY EPIDEMIC**

Besides the special work conducted by hundreds of Red Cross Chapters throughout the country in checking the recent epidemic of Spanish influenza, the organization through its headquarters at Washington is preparing to fight a repetition of the experience that was so disastrous this fall, educating the public thoroughly regarding the symptoms and the proper care at the beginning of an attack. In addition to this, the American Red Cross is fighting tuberculosis. The recent appropriation to the National Tuberculosis Association will be used for educational as well as relief work throughout the country.

So much has been said about the aftermath of the epidemic that especial attention is being given to the work along this line. The weakness which follows influenza leaves the patient in a condition which makes him a good field for the germs of tuberculosis. A thorough physical examination, proper food and clothing, the use of mild preventives, will check the progress of the disease at once.

Tuberculosis, or consumption, as it is frequently called, is both preventable and curable, provided the treatment of the disease is begun before it is too far advanced. Medicine plays a comparatively small part. The frequently advertised "consumption cures" should be looked upon as poison. The only medicine which should be taken is a good tonic which will stimulate the appetite and build up the system generally. The main cure lies in proper food, sufficient rest, fresh air and sunlight and living, if possible, according to the plan prescribed by a good physician. This renews the patient's vitality and soon kills the disease entirely.

For several years the National Tuberculosis Association has been financing its work by the sale of Red Cross seals at Christmas time. The seals sold for a penny each and by making a concerted effort enough money was usually raised to carry the work through the year. This year there will be no seals sold because the American Red Cross has made an appropriation for the anti-tuberculosis work, and those who formerly spent their time selling seals will join in the work for the Red Cross Christmas Roll Call during the week of December 16 to 23.

Deep-seated coughs that resist ordinary remedies require both external and internal treatment. If you buy a dollar bottle of BALLARD'S HOREHOUND SYRUP you get the two remedies you need for the price of one. There is a HERRICK'S RED PEPPER POROUS PLASTER for the chest, free with each bottle. Sold by W. H. Windrow.

**SONG OF LITTLE THINGS.**

By Jeanne Judson.

This is the song of little things,  
A clean, white bed in a quiet place,  
A cigarette and the saving grace  
Of smiles that illumine the nurse's face—  
These are the joys the Red Cross brings.

This is the song of little things,  
An old man brought to his home again,  
And children who play, forgetting pain,  
A hut that shelters from mud and rain—  
This is the rest the Red Cross brings.

**RETIRED LIVE STOCK DEALER TESTIFIES.**

Joe Therrell Says There Is Something Unusual About Tanlac—Gained Thirty-five Pounds in Weight.

"There is bound to be something unusual about Tanlac to make a man of my age gain thirty-five pounds and feel like he is made over again", said Joe E. Therrell, a retired live stock dealer living at Del Rio, Texas.

"I am seventy years old and I hadn't been free from suffering in five long years until I started taking this Tanlac", he continued. "I had no appetite and what little I forced myself to eat swelled me up with gas until I would be miserable for hours afterward and would get so dizzy I would almost fall, at times. I was badly constipated, my legs hurt awfully and my back ached until I could hardly straighten up when I would bend over. I tried everything I could get hold of and I kept getting worse until I almost gave up hope of ever being able to do any more work."

"I have taken five bottles of Tanlac so far and have not only gained thirty-five pounds in weight, but I feel brimful of life and energy and am stronger and better than I have been in five years. I have told everybody I know what Tanlac has done for me and I know of at least a dozen people who are now taking Tanlac after seeing what it has done for me."

Tanlac is sold in Hondo by W. H. Windrow.

**RED CROSS SANTA TO FILL SOLDIERS' SOCKS**

An Old Fashioned Celebration of Yuletide for American Soldiers in France.

A Christmas tree in every ward of every American hospital and in every hospital recreation hut in France!

Every wounded or sick American fighting man to receive two socks filled to the brim with fruits, nuts, candy and smokes!

These are the most interesting features of a tentative Christmas celebration program for the American hospitals arranged by the American Red Cross in France in co-operation with the commanding officers of our fighting forces in that country. Details of the plan to make Christmas as merry as possible for the soldiers in these institutions have just been received at Red Cross headquarters. Nurses and enlisted men on duty at these places will also share in the distribution of Christmas cheer. Because of the limited amount of available shipping space the Red Cross was compelled to abandon its original plan to send special Christmas parcels from here to soldier patients in France. All the articles distributed will be obtained over there.

This is to be an old fashioned celebration in every sense of the word. Every soldier will hang his socks on the tree. The socks will be tied with red ribbon and in addition to the goodies mentioned above will contain a handkerchief and a card, on which will be outlined the services the American Red Cross is prepared to render our soldiers. Each soldier will receive a sufficient number of Christmas postcards—now being designed by artists in the Red Cross service—to enable him to write to members of his family and his friends back home.

The Christmas dinner, of course, will be one of the features of the celebration. After dinner there will be musical entertainment, motion pictures and general singing.

Wheezing in the lungs indicates that phlegm is obstructing the air passages. BALLARD'S HOREHOUND SYRUP loosens the phlegm so that it can be coughed up and ejected. Sold by W. H. Windrow.

**RED CROSS WOMEN CITED FOR BRAVERY**

American women at Epemay, south of Rheims, have been cited in an order of the day for remaining at their posts in an American Red Cross canteen under bombardment for six days. Throughout this battle they continued to feed and care for wounded.

Sickly children need WHITE'S CREAM VERMIFUGE. It not only destroys worms, if there be any, but it acts as a strengthening tonic in the stomach and bowels. Sold by W. H. Windrow.

Children take BALLARD'S HOREHOUND SYRUP willingly because it tastes nice. There isn't a better remedy anywhere for children's coughs, hoarseness and bronchitis. It's a good medicine and easy to take. Sold by W. H. Windrow.

### Died.

Mrs. Geo. B. Noonan, nee Huesser, died at her home early Friday morning and was tenderly laid to rest at St. Louis Catholic Cemetery on Saturday morning. Rev. Father Heckman performed the last sad rites. Deceased was born at Castroville in Aug. 1886. On Thanksgiving day 1907 she was happily married to Mr. G. B. Noonan. This union was blessed with five children, one son, four daughters, one daughter preceded her mother in death. Besides her grief-stricken husband, G. B. Noonan, and four small children, Gertrude, Cornelia, George J. and Ruth, the deceased is survived by her aged parents, Mr. and Mrs. Joe Huesser, three brothers, Joe and Eugen of Hondo, and Fritz of San Antonio, four sisters, Mrs. Chas. Marty and Mrs. Joe Grimsinger of San Antonio, and Mrs. Ed. Tschirhart and Miss Melanie Huesser of Castroville, and a half sister, Mrs. Pauline Torres, of San Antonio, and a large number of other near and dear relatives to mourn her untimely demise. Deceased was a devout Christian lady, a dutiful wife and a loving mother, and a kind and accommodating neighbor, beloved and respected by one and all. A large cortege of mourning relatives and friends followed the remains to its last resting place. We join this entire community in sympathy with the bereaved and grief-stricken ones.

Quite a gloom was cast over our little town when the sad news of the demise of Ferdinand Kilborn reached us. The deceased grew into manhood among us, and was loved and respected by one and all. May he rest in peace!

This section was again blessed with a fine soaking rain Thursday night, amounting to 0.70 of an inch.

Mr. and Mrs. Charles Burell moved from our midst to Dunlay, where Mr. B. has secured a job on the section.

Mr. and Mrs. George Loessberg of LaCoste received a telegram several weeks ago stating that their son, Paul, had been seriously wounded overseas. One day last week they received his personal letter, stating that he is fast convalescing.

Two Mexicans will have a preliminary hearing in Judge Hoog's court this (Tuesday) morning. They are charged with theft of two head of cattle. They were arrested by Deputy Sheriff Robt. Rihn and others near Red Wing Sunday night.

The sad news reached here this morning stating that Mr. Jos. Halty had died at his home on the Medina.

Mr. and Mrs. Chas. Marty and Mr. and Mrs. Joe Grimsinger of San Antonio attended the funeral here Saturday of the late Mrs. G. B. Noonan.

Miss Lizzie Kilborn was called home from near Devine to the funeral of her brother, F. Kilborn.

Manuel Schuchart was here from Cliff Monday.

Messrs. Eugen and Joe Huesser were here from Hondo for the funeral of Mrs. George B. Noonan.

Mrs. J. C. Cobb spent several days here.

Mr. and Mrs. George Mangold of San Antonio visited here during the week.

Mrs. F. Kilborn and daughter, Miss Lizzie, spent several days at Baby Settlement.

Ralph Noonan of Hondo attended the funeral here of his sister-in-law, Mrs. George Noonan.

Joe, Robert and Louis Schott were here from Red Wing Monday with the cattle thieves.

Ed. Seekatz and Chas. Boehme and several others, whose names we failed to get, were here from Riomedina.

W. S. S. PLEDGES ARE DUE.

### Few Escape.

There are few indeed who escape having at least one cold during the winter months, and they are fortunate who have but one and get through with it quickly and without any serious consequences. Take Chamberlain's Cough Remedy and observe the directions with each bottle, and you are likely to be one of the fortunate ones. The worth and merit of this remedy has been fully proven. There are many families who have always used it for years when troubled with a cough or cold, and with the very best results.

### LaCoste Ledger Laconics.

Roif Balzen of Knippa was seen on our streets the early part of the week.

Mrs. Peter Jungmann, Sr., from Castroville was visiting Alex Jungmann and family last Monday.

The Haegelin Bros. of the lower Hondo came in last Saturday to gather in their feed on the irrigated lands.

### For That Dull Feeling after Eating.

"I have used Chamberlain's Tablets for some time, and can testify that they have done me more good than any tablets I have ever used. My trouble was a heavy dull feeling after eating." - DAVID FREEMAN, Kempf, Nova Scotia. These tablets strengthen the stomach and improve the digestion. They also regulate the liver and bowels. They are far superior to pills but cost no more.

### Uvalde Leader News Items.

Miss Ada Mae Hoog, aged 21 years, died at a San Antonio hospital Tuesday afternoon. The body was brought to Uvalde Wednesday afternoon and was met by a large concourse of relatives and friends who accompanied it to the cemetery where the services were held. Miss Ada Mae was a daughter of Mr. and Mrs. Steve Hoog, both now deceased. The family was a pioneer one here and none stands higher in the community in all that goes to make up good citizenship. She was educated in the Uvalde public schools, graduating from the High School in the spring of 1916. She entered the College of Industrial Arts at Denton that fall, attending that institution two years. Inspired by a desire to serve her country best in the troublesome days of the war, she entered a San Antonio hospital as nurse. It was while she was thus engaged in this ministry of mercy that she contracted the influenza, which speedily developed into pneumonia and resulted in her death.

WHAT RED CROSS MEANS.  
Your membership in the great American Red Cross means the mothering of those little children made desolate by the invasion of the Hun. Mrs. Lars Anderson in her recent book on conditions over there says: "It is the poor, homeless, motherless kiddies that somehow make all the other horrors of war fade away into distance. These frightened, crying, dying, innocent children, who do not know what it is all about—they wring your heart dry."

### PLEDGE BY AMERICAN WOMEN

During Conservation Week for World Relief.

"We pledge to our country our best effort to prevent waste and the selfish use of our food reserves.

"We pledge our loyal co-operation in carrying out the conservation measures suggested by the government.

"And if economy sometimes grows irksome, or if this service works unwelcome change in our accustomed manner of living, we will think of those who have offered their lives for their country and those whose homes have been devastated.

"We will be glad that we, too, can serve in satisfying their hunger, in renewing their courage, and in reestablishing their homes."

### FARMER'S INSTITUTE MEN VISIT SINTON.

Messrs. Fletcher Davis and J. C. Hestand, who are touring this section in obedience to the law requiring the Commissioner of Agriculture to send Institute men to the respective communities of the state, were visitors to Sinton Saturday afternoon.

Concerning his work at the present time, Mr. Davis said to a representative of the News:

"The most important matter engaging the activities of the Institute just now is the marketing of the present cotton crop. When all of the legitimate items of expense entering into the cost of growing cotton is charged against its cost of production, we find we have been selling our cotton below the cost of production for many years. This accounts for the distressing economic conditions over many sections of the South; this is why our urban centers are becoming more congested while our rural population is being rapidly transformed into a tenant class; this is why 56 per cent of our present population of the rural districts are tenants and why of the remaining 44 per cent who are home owners 24 per cent live in mortgaged homes in Texas. This condition can only be changed for the better by the farmers securing more remunerative prices for their cotton. The most accurate estimates place the average cost for producing the 1918 cotton crop at 35 cents per pound, and no matter how far below that figure may have been the cost of producing an individual crop—because of favorable conditions and large production—no cotton grower should part with a pound for a less price. Utilization of the state's bonded warehouses, for storage and insurance, and of six per cent loans on warehouse certificates, securable through the Federal Reserve Banks, for financing, makes it possible for every one to get this minimum price if we will all stand together and insist upon it."

Mr. Hestand, who is Director of the Division of Animal Husbandry, said of the work of his Department:

"It is my duty as head of your Livestock Department to encourage poultry, more milk and butter, more beef and more hogs and sheep. Mr. Hoover says we must have 90 million pounds of beef every thirty days, 300 pounds of hog products, and eggs by the million to feed our army and allies, and our civilian population must eat to make feed and food for our soldier boys. It is time for every man, woman and child to get busy with some chickens, cows, hogs and sheep. If you can't raise some of all, raise all you can of some of these food products. A hen will raise twelve fryers a year worth \$7.50 to \$9.00, and lay eggs enough to feed her and her brood in the eight months not engaged with her brood. If one hen will produce \$7.50 a year, 100 hens will produce at least \$750.00 a year, clear profit.

"One cow will give, to count is low, 600 gallons of milk a year, besides the calf she raises will half feed her. 600 gallons of milk at 60 cents per gallon is \$360.00 worth of milk. Take \$60.00 and the calf, to feed her, and you have \$300.00 clear. So two cows will clear \$600.00 a year easy.

"One sow will raise 7 pigs one litter and 8 the next. These 15 pigs at 6 months old will bring \$600.00 at present prices of 200 pound hogs, and feed 4500 soldiers one day a half pound of meat each. If you buy \$200.00 worth of feed you have \$400.00 clear and the sow left.

"Totals: Chickens \$750.00, cow \$300.00, sow \$400.00, making \$1450.00 a year and all feed bought. It's our duty—will we do it?"

Messrs. Davis and Hestand are enthusiastic over their work and will be glad to visit any section wishing to organize along agricultural and economic lines.—Sinton News, Sept. 6.

### For Eczema, Tetter and Salt Rheum.

The intense itching characteristic of these ailments is almost instantly allayed by Chamberlain's Salve.

And while it is true that men make houses and women make homes, both are to blame for most of the garages.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

## I AM GLAD TO ENDORSE PERUNA

Glad to Try Anything  
"Three years ago my system was in a terribly run down condition and I was broken out all over my body. I began to be worried about my condition and I was glad to try anything which would relieve me. Peruna was recommended to me as a fine blood remedy and tonic, and I soon found that it was worthy of praise. A few bottles changed my condition materially and in a short time I was all over my trouble. I owe my restoration to health and strength to Peruna. I am glad to endorse it."

## CALLED HER FAMILY TO HER BEDS

Six Years Ago, Thinking She Might Die, Says Texas Lady, She Is a Well, Strong Woman and Praises Cardui for Her Recovery.

Royse City, Tex.—Mrs. Mary Kilman, of this place, says: "After the birth of my little girl...my side commenced to hurt me. I had to go back to bed. We called the doctor. He treated me...but I got no better. I got worse and worse until the misery was unbearable...I was in bed for three months and suffered such agony that I was just drawn up in a knot... I told my husband if he would get me a bottle of Cardui I would try it... commenced taking it, however, that evening I called my family about me... for I knew I could not last many days unless I had a change for the better. That was six years ago and I am still here and am a strong woman, and I owe my recovery to Cardui. I had only taken one bottle when I began to feel better. The misery in my side got continued right on taking the Cardui until I had taken three bottles and did not need any more for I never felt better in my life and have never had any trouble since day to this."

Do you suffer from headache, aches, pains in sides, or other troubles, each month? Or do you feel weak, nervous and fagged-out? Give Cardui, the woman's trial.

## Resolutions of Respect.

There is nothing sweeter in life than the unselfish life. Nothing more beautiful than the life of a true patriot.

Whereas: In the death of Osborne Chancey, one of our sailor boys, we have lost one of our best young men, a young man of many fine parts. He was loved by all.

When the call of his country came he had but one answer: "Here am I, send me!" Home, loved ones, friends and business prospects were as dear to him as to any one. But these he laid aside that he might serve his country. He bore his cross faithfully.

Resolved, first: That we, the members of the Hondo Red Cross, do most sincerely sympathize with his father, mother, sisters, brother and other loved ones in their great loss. Our Father in Heaven can supply all your need in this great sorrow.

Resolved, second: That we will endeavor to emulate his good deeds, so that in the land of the never setting sun may we meet.

Resolved, third: That a copy of these resolutions be furnished the Anvil Herald for publication, and a copy be spread on the minutes of our Red Cross.

THE COMMITTEE.

When the news came over the wire that Ben Miller had passed into the great beyond, a pall of sorrow fell upon Hondo.

When Ben fell he fell at the post of duty. When his services were needed, his country found him ready. He gave his best for he gave his all.

Resolved, first: We, the members of the Hondo Red Cross, wish to offer our love and sympathy to the mother, sisters and brothers of our fellow hero. Though it was not his privilege to lay down his life on the battle field, yet he fell at the sacred post of duty.

Resolved, second: When we remember that life is not measured by years, but by deeds, we wish to chronicle the name of our sailor boy among those who did their bit for their country.

Resolved, third: That a copy of these resolutions be furnished his family, with the prayer that they be sustained by His grace, a copy be spread upon the minutes of the Hondo Red Cross, and a copy furnished the Anvil Herald for publication.

THE COMMITTEE.

Liberty has always been purchased at the price of blood. The privilege and blessings we enjoy were purchased with the blood of our fathers. No page of history shines with greater lustre than that on which are chronicled the deeds of the immortals.

Whereas, when the United States, as well as a large portion of the world, was in danger of being over-run by a strong and well organized military power, Private Freddie Lynch offered his services to his government, and was assigned to the 36th Division, Camp Bowie, Texas. He went overseas in July and fell in action, bravely, heroically defending his beloved country.

Resolved, first: We, the members of Hondo Red Cross, shall always cherish his name among the heroic dead. And that the sorrow and loss of his family shall be ours. The bruised reed He will not break, but in loving kindness He remembers His own.

Resolved, second: That a copy of these resolutions be furnished the family of our fallen friend, a copy be furnished the Anvil Herald for publication and a copy be spread upon the minutes of our Chapter.

## W.S.S. PLEDGES MUST BE PAID BEFORE DEC. 31

Pledges made to invest in United States Government War Savings Stamps are due for payment now. Liquidation must be made before December 31, 1918.

War Savings Stamp pledges are binding obligations upon the persons who made them. All necessary steps to assure their liquidation will be taken.

War Savings Stamps may be purchased from postoffices, banks, United States mail carriers and designated agencies.

War Savings Stamps are not subject to taxation.

Recapitulation of the Official Government Call.

Before December 31 every W. S. S. pledger has been called upon to meet the obligation he assumed to invest in United States Government War Savings Stamps. While December 31 is the last day of grace for the liquidation of W. S. S. pledges, the Government is requesting that every pledged person pay his pledge before Christmas.

The price of each War Savings Stamp is \$1.23. On January 1, 1923, the Government will redeem every War Savings Stamp, paying the owner \$5.00 for it. These Government securities yield 4 per cent interest, compounded quarterly. War Savings Stamps worth \$100.00 can be purchased this month (December) for \$84.60. War Savings Stamps worth \$1000.00 can be purchased for \$846.

Money lent to the Government through the purchase of War Savings Stamps is used to feed and clothe soldiers and sailors and bring them to their homes in the United States. In other words, War Savings Stamps mean tickets home for the fighting men.

Through the mails, by proclamation and public notice the Government is now calling for the final settlement of these pledges.

## M'ADOO CALLS FOR PROMPT SETTLEMENT OF W.S.S. PLEDGES

Relative to the payment of War Savings Stamp pledges, which are binding obligations to the United States Treasury Department, Secretary William G. McAdoo has instructed Louis Lipsitz, State Director of the War Savings Committee, to immediately take all necessary steps to assure the prompt liquidation of all War Savings pledges, for which the last day of payment is December 31.

Following the delivery of his annual report to Congress, graphically pointing out the imperative need of continued saving and lending to the Government in War Savings Stamps, Secretary McAdoo issued his instructions concerning the immediate payment of War Savings pledges.

The official communication follows:

Washington, D. C.—I most earnestly urge upon you that your organization make every possible effort to the end that pledges for the purchase of War Savings Stamps be fulfilled before the close of the year.

"The Government's monetary requirements were never greater nor more pressing than they are today. Expenditures for November were greater than in any similar period. These expenditures growing out of the war must be met by borrowing from the people and their magnificent response heretofore to the Government's requirements make me confident that they will not fail to continue their support to the end that all payments resulting from war necessities will be promptly met.

"Much remains to be done. Our brave troops must be maintained and paid until their work is fully accomplished and they are returned to their homes. This is not a time for us to relax our efforts, and the Treasury Department is making plans for larger and even more important work during the coming year. Please make every effort to bring this statement before the people in your district and to urge upon them the continued holding of their War Savings Certificates, the fulfillment of their pledges and additional purchases as their means permit."

(Signed)

McAdoo

## Outlook Of The Southern Farmer

CHARLES A. WHITTLE,

Soil Improvement Committee, Atlanta, Ga.

Prosperity glows on the horizon of the Southern farmer's future—if he will raise big crops.

And the cry of a needy world rises, urging the Southern farmer to grow big crops of cotton and food. His obligation is to respond. He must fight on, for peace brings no armistice for the farm.

Cotton is the hope of the ragged world. War-torn countries are looking to the fields of the South for help. It will not be in vain. The Southern farmer will meet his responsibility.

Prices at which cotton crop will be sold will be such as will pay the farmer well, for the fact will remain that the world must have the cotton.

The food most needed in Europe is fat. Cotton seed, peanuts and soy beans of the South will find ready market for the oil or fats that they contain. Cattle, hogs and dairy products will continue to bring good prices because of the heavy live stock losses of Europe.

The Southern farmer should plan with an expectation of improving his labor condition, with the return of troops and the shutting down of ammunition factories.

Immediate Preparation.

Preparation for spring planting should go rapidly ahead. Seed, fertilizers and other farm supplies should be bought without delay. Materials on which the government has fixed prices will continue to be stabilized until they are consumed, so that there are no prospects of lower prices before spring planting.

Delay means to face shipping difficulties. The railroads are going to be overburdened with traffic for some time to come. They should be given abundant time.

## LEMONS WHITEN AND BEAUTIFY THE SKIN

Make this beauty lotion cheaply for your face, neck, arms and hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quart pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quart pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvelous to smoothen rough, red hands.

## No Worms in a Healthy Child

All children, crowded with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

## INSTRUCTIONS TO LIQUIDATE W.S.S. PLEDGES SENT OUT

Instructions to bring about the prompt fulfillment of War Savings Stamp Pledges have been sent out from Washington by Secretary McAdoo and the Government's official proclamation calling for the prompt liquidation of these obligations to the Treasury Department has been issued.

All War Savings Stamp Pledges are automatically due this month and their payment is called for before December 31, which is the last day of grace.

Instructions incident to the call have been given all officers of the War Savings Section.

War Savings Stamps may be obtained from any postoffice, bank and most business establishments. Each War Savings Stamp costs \$4.23 cents this month. On January 1, 1923, each War Savings Stamp will be redeemed by the Government for \$5.00. War Savings Stamps increase constantly in value and this increase is guaranteed by the United States Government.

## GOV. HOBBY ASKS TEXANS TO MEET W.S.S. PLEDGE NOW

Calling attention to the fact that pledges for the purchase of War Savings Stamps are now due, Governor W. P. Hobby urges Texans to "make their word good to the Government at once."

"If, for any reason, you have neglected or delayed purchasing the balance of the War Savings Stamps promised, I venture to ask that you fill this solemn obligation at once. The word of a Texan is as good as his bond, and even though an ending peace is in sight, our Government is still spending vast sums for the maintenance of our boys under arms and still needs our support up to the limit of our ability," says Governor Hobby.

## "HIT THE TRAIL WITH YOUR W.S.S. PLEDGE MONEY," "BILLY" SUNDAY

*Billy Sunday*  
Psalm 57

"Come on, Texas! Hit the trail with your dollars! Don't wait until the last day to get that Government note off your hands!"

This is Billy Sunday's injunction to Texans, who urge that all War Savings Stamp Pledges be paid by Christmas and that no one put off W. S. S. Pledge settlement until December 31, the last day of grace.

To Texans, Billy Sunday, famous evangelist who is now preaching in Fort Worth, says:

"You say you are glad the war is over, you men and women of Texas; you say you appreciate the bloody sacrifices that the boys from Texas and the other 47 States have made for you—that you reverence the memories of the heroes who have kept Hun and harm from you; you say you are glad that there will be no more casualty lists blackened with the names of the men who have dared and done for you; but how, I ask you, have you shown that appreciation? How have you expressed your gladness?"

"Has the War Savings Stamp Pledge you solemnly made to President Wilson last summer been paid? Have you kept faith with the boys and are you keeping faith with them? Until that pledge you made to invest in United States Government War Savings Stamps has been met, until the word you gave to President Wilson has been redeemed—not until then have you shown your appreciation of the heroic acts of the men from whose hearts the blood of life has been poured. Not until then have you made good the solemn and binding promise you made your President."

### Boys Are Not Over

"The war is over, people of Texas, but our boys are not. They must be brought home, back here to you in Texas and until they are brought home they must be fed and clothed and cared for. Your duty to these men, the duty you owe yourself and your country has not been discharged until every United States soldier and sailor has been brought back home again. To these men, the men whom we call 'our boys', War Savings Stamps mean food, clothing and tickets to the good old U. S. A."

"It takes money to care for these men—these soldier and sailor boys who have beaten back the Hun. It takes money to bring them home. Don't for a minute think that the obligation you are under, if you call yourself American, to save and lend your savings to the United States Government in War Savings Stamps is ended just because fighting has stopped. Listen! It is costing the Government \$50,000,000 a day—\$1,500,000,000 a month—to feed and clothe and bring these men home."

"Come on, Texas folks! This is December—the ninth inning of the War Savings Campaign. Put puncta in that swing of yours; put the pay in your patriotism. Get those War Savings Stamp Pledges wiped off Uncle Sam's slate by Christmas. Remember: The last day to liquidate War Savings Stamp Pledges is December 31st. Don't wait until the last day to get that Government note off your hands, don't wait until the last day to make good your word—do it by Christmas."

"They are fine investments, those War Savings Stamps. I have all I can hold myself. I am going to give them for Christmas presents—they are the best gifts to give this year. Every time you buy one of those W. S. S. bonds you have gotten hold of the best security any government has ever issued."

"Come on Texas! Hit the trail with your dollars! Get that War Savings Stamp Pledge paid now!"

Warning! Your W. S. S. pledge is due this month. The final call for payment has been made by the Government.
